APPLICATION FOR A NURSERY BROKER LICENSE

A Nebraska Nursery Broker License is required by the Nebraska Plant Protection and Plant Pest Act of any person who solicits or takes orders for or sells nursery stock in the state, other than a person licensed as a Nursery Grower or Nursery Dealer.

Initial applications must be received prior to the beginning of distribution. If not received prior to the beginning of distribution, initial applications shall be considered delinquent and shall have an additional delinquent fee assessed of 20% per month.

As a broker, you shall acquire and distribute only nursery stock from a licensed grower or dealer approved by an authorizing agency within the state of origin, and recognized by this department. You shall supply and continually update a complete and accurate list of sources of nursery stock with our department.

This application shall be accompanied by a \$100 annual license fee for each location from which nursery stock is distributed. VISA, MasterCard, check, or money order accepted. All Nursery Broker Licenses expire at the end of the calendar year. You must renew your license annually, as long as you continue to broker nursery stock.
